ORGANIZED BY
DEPARTMENT OF PSYCHIATRY, PEOPLE’S COLLEGE OF MEDICAL SCIENCE & RESEARCH CENTRE
Bhanpur, Bhopal (MP) - 462037

IN ASSOCIATION WITH
INDIAN PSYCHIATRIC SOCIETY (MADHYA PRADESH BRANCH)

ANCIPS 2016
68TH ANNUAL NATIONAL CONFERENCE OF INDIAN PSYCHIATRIC SOCIETY (ANCIPS)
21-24 JANUARY 2016
PEOPLE’S WORLD, BHOPAL (MP)

TRANSLATIONAL PSYCHIATRY - BRAINING THE MIND

For the First Time in Madhya Pradesh

Devanamapiya piyadasi laja hevam aha
MESSAGE FROM THE PRESIDENT AND HONY. GEN SECRETARY

Dear Colleagues,

It is time once again to come together to discuss and deliberate on issues related to a broad range of current and emerging subjects of behavioural sciences. The canvas will obviously be wide as we know psychiatry itself is an overarching subject of medical science.

Indian Psychiatric Society crossed its 67th milestone in its march towards progress. We are now meeting at the capital of Madhya Pradesh: Bhopal, the beautiful “City of Lakes”.

Professional conferences do not just serve as a forum of interaction for delegates but also help to generate interest and awareness about the subject in general public. The theme "Translational Psychiatry- Braining the Mind" is chosen to highlight the scientific foundations of psychiatry and how this knowledge gets translated into discovery and delivery of mental health needs of the community. An emphasis on scientific basis should help to dispel misconceptions in psychiatry and reduce stigma to a substantial degree.

It is heartening to note that the Organizers are sparing no efforts to present a rich scientific and gastronomic repast. In addition to the staples, topics at the very cutting edge of modern psychiatry are included. All that needs is your enthusiastic participation.

Bhopal and its environs with its rich history, culture and heritage, offers illimitable opportunities to explore and savour. We are looking to an enriching, enlightening and a thoroughly enjoyable experience.

Let us all join together along with our families and carry forward our Society to cross yet another significant milestone.

Long live Indian Psychiatric Society!

Welcome to ANCIPS 2016

---

INVITATION FROM THE ORGANISING COMMITTEE

Dear Colleagues,

It is a matter of immeasurable pride and honour to all of us here to welcome you all for the 68th Annual National Conference of the Indian Psychiatric Society (ANCIPS 2016). The thought that the conference is happening for the first time in the state of Madhya Pradesh and that it delivers an opportunity to us to play host to all of you brings us unbounded joy. WELCOME

Madhya Pradesh has strong mornings in tradition at the same time marching ahead as a progressive state in all fields. Madhya Pradesh is quintessential India: heady mixture of heritage and high science. The state holds in its bosom charms of unimaginable variety: you can seek an appointment with the King of the Jungle, opt for a leisurely lake or river cruise, seek solace in spirituality of many faiths or just wander in the wonder environs of the venue itself!

Bhopal, popularly known as the “CITY OF LAKES” is its capital. It holds, at a minimum, ten thousand years of written history of man etched on stone! Very few cities in the world can match this heritage! Satellites are tracked from here! Bhopal is home to 100 Engineering and 5 Medical Colleges and as many universities! Add any number of National Institutes! We could say more but would not like to jump the gun.

At the conference we hope to hear luminaries and acknowledged masters telling us about psychiatry of today, tomorrow and beyond and also look forward to the emerging and young displaying their acumen in full measure to give us a glimpse of the great future ahead for mental health in India. We are planning to offer you some hands-on experience in basic sciences like genetics, immunology, electrophysiology and others by means of specially designed workshops besides the regular conference items. Stay tuned to us.

It is our fervent desire to put some pleasant memories in your conference kit, and hearts perhaps, for you to carry home to reminisce and cherish.

Come home to Bhopal!

WELCOME TO THE HEART OF INDIA

INSTRUCTIONS FOR FREE PAPERS AND POSTERS

- All abstracts shall be submitted online.
- Please enter the name of the presenting author and contact information. Names and e-mail addresses of all co-authors also to be given. Make sure all e-mail addresses are correctly entered.
- All abstracts shall be submitted in English.
- Each abstract shall consist of not more than 300 words.
- Images and graphs cannot be uploaded in abstracts.
- All presenting authors will get e-mail confirmation of submission. Confirmation for Armed Forces officers will be on priority to enable them to seek permission from higher authorities.
- Please ensure only papers/posters on completed works should be submitted. Additions/alterations to the submitted abstracts will not be entertained.
- Please select the most appropriate topic from the list given below. One additional topic may also be added if considered necessary. There will be earmarked space in the submission form to mark the topic.
- All submissions shall be in WORD FORMAT.

MADHYA PRADESH

Literally and metaphorically it is the heart of India. Spread over 300000 square kilometres, and with a population of 70 million it is large; endowed with rich cultural heritage and Mother Nature’s benign blessings. Twenty percent of population belongs to various tribes. It is home to 11 National Parks and 3 Biosphere Reserves. The great river Narmada flows through the state in the rift valley of Vindhya and Satpura Ranges. The ancient cities of Ujjain and Vidisha are continuously inhabited for 3000 years!! Kalidasa wrote his eternal classics here. Kipling lived here. Mian Tansen and Baiju Bawra enthralled the Gods with their celestial voices from here. No wonder the state is home to 3 Charanas: Gwalior, Maihar and Senia. Kishore Kumar and Lata Mangeshkar were born here! There are many national institutes of science here. The game Snooker was born at Jabalpur. Bhopal Badshahs are a force in Hockey. Holkars of Indore are cricket pioneers.

The state boasts of 3 World Heritage Sites in Khajuraho, Sanchi and Bhimbetka. Panna has the largest diamond deposits in the country. The devout can seek the blessings of Mahadeo at Mahakaleshwar or Omkareshwar; romantics may find much to fill hearts at Khajuraho; health afficionados may fill their lungs with pure oxygen at Pachmarhihills. There are many places for those who are inclined to laze and moon!

Exploit the opportunity and experience Madhya Pradesh

Bhopal was founded by the legendary polymath king Raja Bhoj in the 11th century C.E and was converted into a modern city by Nawab Dost Mohammad Khan in early 18th century. It is one of the greenest cities in India and also one of the greatest education hubs of India. Many institutes of national importance are located here. Popularly known as the "City of Lakes" it spreads across an area of 658 Km² and has a population of 3 million people. Sanchi, Bhimbetka, Taj-ul-Masajid, Bhojeswar Temple, Bhoj taal (Upper lake), Indira Gandhi Rashtriya Manav Sangrahalay (Museum of Man) are just a few of the many places of interest. One of the two Master Control Facilities of ISRO is located here.

**Sanchi** : The 'Great Stupa' of Sanchi is the oldest stone structure in India. It is a UNESCO World Heritage Site. It was originally commissioned by emperor Ashoka in 3rd century BCE. His inscriptions were deciphered here in 1837 – till then nobody knew there was an emperor called Ashoka in India! The back-to-back lions of the south gate here form the official symbol of India. The Great Emperor caused the message of peace of Sakya Muni Gauthama Siddhartha to spread far and wide from here and made Buddhism a global religion. It is just 40 Km from the venue.

**Bhimbetka Rock Shelter** : Show the earliest traces of human life in the subcontinent. The rock paintings found among the shelters here are about 30,000 years old! Archeologists found here the world’s oldest stone walls and floors. Earliest form of dance is depicted here. It is just 40 km from the venue. This is another World Heritage Site of Bhopal.

**Taj-ul-Masajid** : This colossus of a mosque in marble and exquisitely carved stone, is acknowledged as the biggest in India. It can seat 1,75,000 faithful. Started in 1844 by Nawab Shah Jehan Begum, it was completed! In 1885. Its 18 storied minarets, prominent in Bhopal skyline, jut into the sky seeking the blessings of the Merciful Almighty for the citizens of the City of lakes.

**Bhojeswar Temple** : Raja Bhoj started construction of this magnificent temple on the banks of River Betwa in early 11th century. The temple remained incomplete as he died in battle before it could be completed. The 18 feet Shiv Ling is one of the largest in India. It is 26 Km from the venue.

**Bharat Bhavan** : Designed by the famous architect Charles Correa it is seen as example of modern Indian architecture. It has six wings dedicated to theater, fine arts, music, poetry, classical cinema and creative writing. Since its inception in 1982 it grew to become an important cultural institute of India.

**Van Vihar** : It is located in the heart of Bhopal to the south of Bhoj taal. Tigers, Leopards, Black Buck, Blue Bull, Gharial, Cheetal, Pythons and other animals are kept in their natural habitat here.

spread over an area of 200 acres in the heart of Bhopal and depicts evolution of man and culture. It has indoor galleries and outdoor exhibitions. Actual sized dwellings of various tribes and their technology is shown here. It is the only place in world to exhibit tribal life on a vast scale.

**Upper Lake (Bhoj Taal)** : This 31 Km² expanse of emerald water in the heart of Bhopal was created by Raja Bhoj in 11th century by building a dam across Kolans River. It is reputed to be the largest artificial lake in India. It has a Boat Club. We hope to organise special ANCIPS Cruises for you here and elsewhere.

**Bhojeswar Temple** : Raja Bhoj started construction of this magnificent temple on the banks of River Betwa in early 11th century. The temple remained incomplete as he died in battle before it could be completed. The 18 feet Shiv Ling is one of the largest in India. It is 26 Km from the venue.
WEATHER AT BHOPAL
Bhopal is located at a height of 1730 ft. Weather at the time of conference will be cold (average temperature 10.5 °C) with a passing light drizzle at times. You need to carry some warm clothing with you. If you plan to visit some of the jungle resorts we suggest you carry your walking shoes.
Hindi is the main language spoken here. You can manage in English.

PEOPLE’S WORLD – THE VENUE
The venue for the conference is People’s World: a special entertainment zone of few hundred acres of steel and concrete of sheer poetry set in lush green by people with vision.
The three halls located in the land locked ship “Princess of Sea” will form the hub of the conference. Each hall has a distinct style and can seat 3000 discerning guests. There is ample space for any number of concurrent sessions and scientific exhibitions within the premises.
Artistically crafted areas are there within the precincts for hosting Banquets and lunches. You will find a TAJMAHAL and REDFORT here which can put the originals at Agra and Delhi at distinct unease. Even the parking lot here is a piece of art made to please the most phlegmatic: it can swallow a thousand cars without a demur.
As you are assimilating the intellectual repast interacting with the best brains in the business your children can gambol and frolic in glee in the inviting environs; your partners can explore the charms of the sprawling mall, gaming zones or just laze in the lounge of PEOPLE’S INTERNATIONAL AIRPORT!
Actually we are not saying much. Come and experience the ambience.

You are predicted to rue if you miss!

ACCOMMODATION AND RECREATION
We will accommodate many of you in the stunningly beautiful surroundings on site. Bhopal is bustling and beautiful: It can accommodate many and more.
Madhya Pradesh, and Bhopal in particular, offers unimaginable opportunities to see and savour or just let down your hair and stretch your legs in the lap of nature in its pristine glory. Madhya Pradesh tourism is extending all help to make your visit an experience. Stay tuned to us on the website.
Please address all your requirements for accommodation, travel and recreation requirements to
